

AFRICAN COMMUNITY CENTER ATLANTA
THE VILLAGE UP PROJECT

Welcome to the page for The Village Up Project Team of the African Community Center (ACC). We are the unit responsible for managing an action project concentrating all tools of the Functional Unity (FU) Process on one part of Our community that is in obvious need of upliftment.

In a large city such as Atlanta, it is not as easy to track and measure the progress of the FU Process as it would be in a smaller geographic location. So, we are using the Village Up Project test the power of the FU Process.

To accomplish this, The Village Up Project Team must identify a local community and begin implementing the elements of FU featured in the [FU Platform](#). Once the Community has adopted all the elements and have developed the administration and leadership to manage all the elements, then we should see a significant rise in the overall state of the community.

It's Been Said that it Takes a Village to Raise a Child;
 We asked
 What Does it Take To Raise a Village?
